# 1. Executive Summary

## **1.1 Program Overview**

As per the contract dated 31 July 2015 signed between Provincial Coordination Unit Benazir Bhutto Shaheed Youth Development Program (BBSYDP), Govt. of Sindh and EY Ford Rhodes (formerly known as Ernst & Young Ford Rhodes Sidat Hyder), the overall scope and extent of the Third Party Validation (TPV) is to:

1. Validate curriculum achievement by TSPs as per agreed program guidelines.
2. Validate certification of trainees by external bodies.
3. Validate post trade employment facilitation by TSPs as per agreed program guidelines.
4. Perform a perception survey on behalf of BBSYDP.

In this respect, we submitted our final Third Party Validation (TPV) Report vide our letter referenced ADV/249/2017 dated 30 November 2016 highlighting objective and scope of our work, major issues / observations noted during our TPV exercise and TSPs / trades to be validated along with their validation status. In addition, the report also highlighted the trades which were not validated by EYFR due to non-availability of required information / documentation.

For the trades which were not validated or rated Not Satisfactory in the final report due to non-availability of required / additional information / documentation, a meeting was held between the Management of Benazir Bhutto Shaheed Youth Development Program (BBSYDP) and EY Ford Rhodes on 23 January 2017 to discuss way forward.

Based on the above request we have performed re-validation of 190 trades of 78 Training Service Providers and validation of 404 previously not validated trades of 8 Training Service Providers under SSDP and Gos [Round II & III] as per terms of abovementioned contract.

This is the final summary report on Third Party Validation for BBSYDP Training Program under SSDP Round II & III and Phase VI & VII (Part I) Training Program. Please note that the final summary report provides the consolidated summary status of our TPV exercise only. Accordingly this summary report should be read in conjunction with our final TPV report dated 30 November 2016 and the two subsequent addendums to the final TPV report submitted to BBSYDP on 3 February 2017 and 7 March 2017 respectively.

This report discharges our obligation of TPV under the above mentioned contract.

## 2. Validation Status

## 2.1. Round II - SSDP

### 2.1.1 Overall / Combined assessment of TSP performance indicators - curriculum attainment, certification and employment facilitation

Based on our validation exercise of the level of curriculum attainment, certification and employment facilitation of 923 trades conducted by 232 TSPs using the information shared by the program team, the following provides our overall assessment of such trades:

- ▶ 743 trades (representing 80 percent of the total trades) have been rated as **'satisfactory'** based on the results from procedures performed by the validation team. Such trades have either low / medium risk findings as detailed in Annexure 3 below.
- ▶ 180 trades (representing 20 percent of the total trades) have been rated as **'not satisfactory'** based on the results from procedures performed by the validation team. Such trades have medium / high risk findings as detailed in Annexure 3 below.

Please refer to the following sections for details of content of this report:

### 2.1.2.3 Institute either having No PMRs or PMRs showing less than 75% Course completion

Following table provides a list of Trainings where Progress Monitoring Reports (PMRs), which are prepared by BBSYDP District Monitoring Coordinators (DMCs) during their monitoring visits and considered to be primary source to assess curriculum attainment, were not available or showing less than 75% curriculum attainment.

In the absence of above PMRs, we have considered alternate evidences provided by BBSYDP for assessing curriculum attainment such as test results, training manuals, certificate distribution ceremony report / pictures for the purpose of our validation exercise. This was discussed and agreed with BBSYDP management and Board management (including Chairman Board) in our meeting dated 23 January 2017.

### 2.1.3 Summary of key findings

Based on our validation exercise of curriculum attainment, certification and employment facilitation of 923 trades following is the summary of key findings:

S. No.	Key Findings	
	Description	Trade Percentage
<b>Findings from our desk review of documentation</b>		
1.	<p>As per the contract each trade institute is required to conduct a Train the Trainer (TOT) / refresher session for their trainers before the trade is provided to the trainees.</p> <p>However, during our desk review we were not provided with any documentary evidence that the TOT session was conducted by the institutes before start of the trade session for 905 out of 923 trades under SSDP.</p>	 <p>■ No Exception ■ Exception</p> <p>This exception was noted in 100% of trades</p>
2.	<p>As per the program guidelines, monitoring will be conducted by the BBSYDP monitoring team on a regular basis and Progress Monitoring Report (PMR) will be prepared by the team which will also include among other things the attendance count as at the date of monitoring which should be duly signed by the BBSYDP monitor and the institute.</p> <p>During our review, where we compared attendance records as per PMR report with attendance records provided by the respective TSP to the BBSYDP, we noted that in 583 out of 923 trades, the count of trainees as per the attendance submitted by the TSP did not match with that mentioned in the PMR report of the same date.</p>	 <p>■ No Exception ■ Exception</p> <p>This exception was noted in 63% of trades</p>
3.	<p>As per the program guidelines, monitoring will be conducted by the BBSYDP monitoring team on a regular basis and Progress Monitoring Report (PMR) will be prepared which will include among other things course completion percentage (%) as of the date of monitoring and should be duly signed by the BBSYDP monitor and the institute representative.</p> <p>As part of our desk review, we noted the course completion report (indicating percentage completion) submitted by the TSP after the last PMR date was not in line with the average course completion period percentage as reported in the previous reports. This was noted for 285 out of 923 trades.</p> <p>Further, no evidence was provided to substantiate if any extra trade classes were conducted to achieve the reported increased course completion percentages.</p>	 <p>■ No Exception ■ Exception</p> <p>This exception was noted in 31% of trades</p>

Key Findings		
S. No.	Description	Trade Percentage
4.	<p>During our desk review, we noted that for 331 out of 923 trainings we were not provided with the PMRs at all or PMRs provided had reported less than 75% course completion percentage.</p> <p>We were informed by BBSYDP management that this was due to the fact that no monitoring visits were performed by respective DMCs at all or monitoring visits were performed only during the initial or mid duration of trainings.</p>	 <p>■ No Exception ■ Exception</p> <p>This exception was noted in 36% of trades</p>
5.	<p>As per training contract each institute is required to achieve minimum employment attainment requirement (35% and 40% trainees for Phase VI and VII respectively). During our desk review we noted that for 54 out of 923 trades, minimum employment attainment criteria were not achieved.</p>	 <p>■ No Exception ■ Exception</p> <p>This exception was noted in 6% of trades</p>
<p>Findings from interviews with selected sample of trainees:</p> <p>For the 923 trades carried out under SSDP, having a total population of 35,488 trainees, we contacted a sample of 3,760 trainees and organized telephone calls with the trainees to obtain their direct input on the program. Further our interview questions focused on trainees' assessment of the level of curriculum attainment, certification, employment facilitation and quality of program. During our telephonic interview with such selected trainees we noted following key findings:</p>		
1.	<p>We noted that for 91 out of 923 trades, some of the selected trainees reported incorrect trainer name(s), which may indicate that trainers who actually provided the training was different from the trainers whose CVs have been provided by TSP to the program.</p>	 <p>■ No Exception ■ Exception</p> <p>This exception was noted in 10% of trades</p>
2.	<p>We noted that for 247 out of 923 trades, some of the selected trainees reported that they did not observe monitoring team visiting the institute, whilst they were attending the training.</p>	 <p>■ No Exception ■ Exception</p> <p>This exception was noted in 27% of trades</p>

Key Findings		
S. No.	Description	Trade Percentage
3.	We noted that for 148 out of 923 trades, some of the selected trainees either a) reported that they did not appear in the final examination but their results was made available OR b) reported a different result from what is reported by the TSPs to the program.	 <p>■ No Exception ■ Exception</p> <p>This exception was noted in 16% of trades</p>
4.	We noted that for 244 out of 923 trades, some of the selected trainees reported that they were not provided with Certificate.	 <p>■ No Exception ■ Exception</p> <p>This exception was noted in 26% of trades</p>
5.	We noted that for 277 out of 923 trades, some of the selected trainees reported that there were no arrangements made by TSP for their employment.	 <p>■ No Exception ■ Exception</p> <p>This exception was noted in 30% of trades</p>
6.	We noted that for 25 out of 923 trades, trainees reported incorrect number of test conducted as compared with TSP/BBSYDP records.	 <p>■ No Exception ■ Exception</p> <p>This exception was noted in 3% of trades</p>

## 2.2 Phase VI - GOS

### 2.2.1 Overall / Combined assessment of TSP performance indicators - curriculum attainment, certification and employment facilitation

Based on our validation exercise of the level of curriculum attainment, certification and employment facilitation of 37 trades conducted by 15 TSPs using the information shared by the program team, the following provides our overall assessment of such trades:

- ▶ 22 trades (representing 59 percent of the total trades) have been rated as **'satisfactory'** based on the results from procedures performed by the validation team. Such trades have either low / medium risk findings as detailed in Annexure 4 below.
- ▶ 15 trades (representing 41 percent of the total trades) have been rated as **'not satisfactory'** based on the results from procedures performed by the validation team. Such trades have medium / high risk findings as detailed in Annexure 4 below.

## 2.3 Round III - SSDP

### 2.3.1 Overall / Combined assessment of TSP performance indicators - curriculum attainment, certification and employment facilitation

Based on our validation exercise of the level of curriculum attainment, certification and employment facilitation of 465 trades conducted by 240 TSPs using the information shared by the program team, the following provides our overall assessment of such trades:

- ▶ 316 trades (representing 68 percent of the total trades) have been rated as **'satisfactory'** based on the results from procedures performed by the validation team. Such trades have either low / medium risk findings as detailed in Annexure 5 below.
- ▶ 149 trades (representing 32 percent of the total trades) have been rated as **'not satisfactory'** based on the results from procedures performed by the validation team. Such trades have medium / high risk findings as detailed in Annexure 5 below.

### 2.3.3 Summary of key findings

Based on our validation exercise of curriculum attainment, certification and employment facilitation of 465 trades following is the summary of key findings:

S. No.	Key Findings	
	Description	Trade Percentage
<b>Findings from our desk review of documentation</b>		
1.	<p>As per the contract each trade institute is required to conduct a Train the Trainer (TOT) / refresher session for their trainers before the trade is provided to the trainees.</p> <p>However, during our desk review we were not provided with any documentary evidence that the TOT session was conducted by the institutes before start of the trade session for 465 out of 465 trades under SSDP.</p>	 <p>■ No Exception ■ Exception</p> <p>This exception was noted in 100% of trades</p>
2.	<p>As per the program guidelines, monitoring will be conducted by the BBSYDP monitoring team on a regular basis and Progress Monitoring Report (PMR) will be prepared by the team which will also include among other things the attendance count as at the date of monitoring which should be duly signed by the BBSYDP monitor and the institute.</p> <p>During our review, where we compared attendance records as per PMR report with attendance records provided by the respective TSP to the BBSYDP, we noted that in 221 out of 465 trades, the count of trainees as per the attendance submitted by the TSP did not match with that mentioned in the PMR report of the same date.</p>	 <p>■ No Exception ■ Exception</p> <p>This exception was noted in 48% of trades</p>
3.	<p>As per the program guidelines, monitoring will be conducted by the BBSYDP monitoring team on a regular basis and Progress Monitoring Report (PMR) will be prepared which will include among other things course completion percentage (%) as of the date of monitoring and should be duly signed by the BBSYDP monitor and the institute representative.</p> <p>As part of our desk review, we noted the course completion report (indicating percentage completion) submitted by the TSP after the last PMR date was not in line with the average course completion period percentage as reported in the previous reports. This was noted for 93 out of 465 trades.</p> <p>Further, no evidence was provided to substantiate if any extra trade classes were conducted to achieve the reported increased course completion percentages.</p>	 <p>■ No Exception ■ Exception</p> <p>This exception was noted in 20% of trades</p>

Key Findings		
S. No.	Description	Trade Percentage
4.	As per training contract each institute is required to achieve minimum employment attainment requirement (35% and 40% trainees for Phase VI and VII respectively). During our desk review we noted that for 71 out of 465 trades, minimum employment attainment criteria were not achieved.	 <p>■ No Exception ■ Exception                      This exception was noted in 15% of trades</p>
<p>Findings from interviews with selected sample of trainees:</p> <p>For the 465 trades carried out under SSDP, having a total population of 16,373 trainees, we contacted a sample of 1,712 trainees and organized telephone calls with the trainees to obtain their direct input on the program. Further our interview questions focused on trainees' assessment of the level of curriculum attainment, certification, employment facilitation and quality of program. During our telephonic interview with such selected trainees we noted following key findings:</p>		
1.	We noted that for 81 out of 465 trades, some of the selected trainees reported incorrect trainer name(s), which may indicate that trainers who actually provided the training was different from the trainers whose CVs have been provided by TSP to the program.	 <p>■ No Exception ■ Exception                      This exception was noted in 17% of trades</p>
2.	We noted that for 44 out of 465 trades, some of the selected trainees either reported that the equipment / consumables were not provided or reported that raw materials for training was not provided and they had to bring the same at their own expenses.	 <p>■ No Exception ■ Exception                      This exception was noted in 9% of trades</p>
3.	We noted that for 136 out of 465 trades, some of the selected trainees reported that they did not observe monitoring team visiting the institute, whilst they were attending the training.	 <p>■ No Exception ■ Exception                      This exception was noted in 29% of trades</p>

Key Findings		
S. No.	Description	Trade Percentage
4.	We noted that for 86 out of 465 trades, some of the selected trainees either a) reported that they did not appear in the final examination but their results was made available OR b) reported a different result from what is reported by the TSPs to the program.	 <p>■ No Exception ■ Exception</p> <p>This exception was noted in 18% of trades</p>
5.	We noted that for 59 out of 465 trades, attendance reported by some of the selected trainees did not match with the attendance reported by the TSP.	 <p>■ No Exception ■ Exception</p> <p>This exception was noted in 13% of trades</p>
6.	We noted that for 366 out of 465 trades, some of the selected trainees reported that they were not provided with Certificate.	 <p>■ No Exception ■ Exception</p> <p>This exception was noted in 79% of trades</p>
7.	We noted that for 185 out of 465 trades, some of the selected trainees reported that there were no arrangements made by TSP for their employment.	 <p>■ No Exception ■ Exception</p> <p>This exception was noted in 40% of trades</p>

Key Findings		
S. No.	Description	Trade Percentage
8.	We noted that for 102 out of 465 trades, some of the selected trainees reported that they were not provided with any books or manuals.	 <p>■ No Exception ■ Exception</p> <p>This exception was noted in 22% of trades</p>
9.	We noted that for 44 out of 465 trades, trainee reported incorrect training period.	 <p>■ No Exception ■ Exception</p> <p>This exception was noted in 9% of trades</p>
10.	We noted that for 29 out of 465 trades, trainees reported incorrect number of test conducted as compared with TSP/BBSYDP records.	 <p>■ No Exception ■ Exception</p> <p>This exception was noted in 5% of trades</p>

## 2.4 Phase VII - GOS

### 2.4.1 Overall / Combined assessment of TSP performance indicators - curriculum attainment, certification and employment facilitation

Based on our validation exercise of the level of curriculum attainment, certification and employment facilitation of 74 trades conducted by 40 TSPs using the information shared by the program team, the following provides our overall assessment of such trades:

- ▶ 47 trades (representing 64 percent of the total trades) have been rated as **'satisfactory'** based on the results from procedures performed by the validation team. Such trades have either low / medium risk findings as detailed in Annexure 6 below.
- ▶ 27 trades (representing 36 percent of the total trades) have been rated as **'not satisfactory'** based on the results from procedures performed by the validation team. Such trades have medium / high risk findings as detailed in Annexure 6 below.

Please refer to the following sections for details of content of this report:

### 2.4.3 Summary of key findings

Based on our validation exercise of curriculum attainment, certification and employment facilitation of 74 trades following is the summary of key findings:

S. No.	Key Findings	
	Description	Trade Percentage
<b>Findings from our desk review of documentation</b>		
1.	<p>As per the contract each trade institute is required to conduct a Train the Trainer (TOT) / refresher session for their trainers before the trade is provided to the trainees.</p> <p>However, during our desk review we were not provided with any documentary evidence that the TOT session was conducted by the institutes before start of the trade session for 74 out of 74 trades under SSDP.</p>	 <p>100%</p> <p>■ No Exception ■ Exception</p> <p>This exception was noted in 100% of trades</p>
2.	<p>As per the program guidelines, monitoring will be conducted by the BBSYDP monitoring team on a regular basis and Progress Monitoring Report (PMR) will be prepared by the team which will also include among other things the attendance count as at the date of monitoring which should be duly signed by the BBSYDP monitor and the institute.</p> <p>During our review, where we compared attendance records as per PMR report with attendance records provided by the respective TSP to the BBSYDP, we noted that in 57 out of 74 trades, the count of trainees as per the attendance submitted by the TSP did not match with that mentioned in the PMR report of the same date.</p>	 <p>77%</p> <p>23%</p> <p>■ No Exception ■ Exception</p> <p>This exception was noted in 77% of trades</p>
3.	<p>As per the program guidelines, monitoring will be conducted by the BBSYDP monitoring team on a regular basis and Progress Monitoring Report (PMR) will be prepared which will include among other things course completion percentage (%) as of the date of monitoring and should be duly signed by the BBSYDP monitor and the institute representative.</p> <p>As part of our desk review, we noted the course completion report (indicating percentage completion) submitted by the TSP after the last PMR date was not in line with the average course completion period percentage as reported in the previous reports. This was noted for 14 out of 74 trades.</p> <p>Further, no evidence was provided to substantiate if any extra trade classes were conducted to achieve the reported increased course completion percentages.</p>	 <p>19%</p> <p>81%</p> <p>■ No Exception ■ Exception</p> <p>This exception was noted in 19% of trades</p>

4.	As per training contract each institute is required to achieve minimum employment attainment requirement (35% and 40% trainees for Phase VI and VII respectively). During our desk review we noted that for 4 out of 74 trades, minimum employment attainment criteria were not achieved.	 <p>■ No Exception ■ Exception</p> <p>This exception was noted in 5% of trades</p>
<p>Findings from interviews with selected sample of trainees:</p> <p>For the 74 trades carried out under SSDP, having a total population of 2,631 trainees, we contacted a sample of 278 trainees and organized telephone calls with the trainees to obtain their direct input on the program. Further our interview questions focused on trainees' assessment of the level of curriculum attainment, certification, employment facilitation and quality of program. During our telephonic interview with such selected trainees we noted following key findings:</p>		
1.	We noted that for 6 out of 74 trades, some of the selected trainees reported that they did not observe monitoring team visiting the institute, whilst they were attending the training.	 <p>■ No Exception ■ Exception</p> <p>This exception was noted in 8% of trades</p>
2.	We noted that for 65 out of 74 trades, some of the selected trainees reported that they were not provided with Certificate.	 <p>■ No Exception ■ Exception</p> <p>This exception was noted in 89% of trades</p>
3.	We noted that for 35 out of 74 trades, some of the selected trainees reported that there were no arrangements made by TSP for their employment.	 <p>■ No Exception ■ Exception</p> <p>This exception was noted in 47% of trades</p>

S. No.	Key Findings

4.	We noted that for 2 out of 74 trades, some of the selected trainees reported that they were not provided with any books or manuals.	 <p>■ No Exception ■ Exception</p> <p>This exception was noted in 3% of trades</p>
5.	We noted that for 7 out of 74 trades, trainee reported incorrect training period.	 <p>■ No Exception ■ Exception</p> <p>This exception was noted in 9% of trades</p>
6.	We noted that for 8 out of 74 trades, trainees reported incorrect number of test conducted as compared with TSP/BBSYDP records.	 <p>■ No Exception ■ Exception</p> <p>This exception was noted in 11% of trades</p>

## 3 Other Matters

We have carried out the validation and developed this report as per the scope of work mentioned under contract signed between Provincial Coordination Unit Benazir Bhutto Shaheed Youth Development Program, Govt. of Sindh and EY Ford Rhodes (formerly known as Ernst & Young Ford Rhodes Sidat Hyder), dated 30 July 2015. This report is solely for assisting BBSYDP in their review of the TSPs.

The above work steps do not constitute either an external audit or a review made in accordance with International Standards on Auditing or International Standards on Review Engagements; we do not express any assurance thereon. Had we performed additional work steps or had we performed an audit or review in accordance with International Standards on Auditing or International Standards on Review Engagements, other matters might have come to our attention that would have been reported to you.

Our comments are based on the work carried out on the basis of information provided by BBSYDP, the stakeholders and other publicly available information. In performing our work, we have assumed the genuineness of all signatures and the authenticity of all documents submitted to us, whether original or copies.

In accordance with our policy, neither EYFR nor any Partners or employees undertakes responsibility arising in any way whatsoever, to any person other than the management of BBSYDP in respect of the matters dealt with in this report, including any errors or omissions therein, arising through negligence. All validation and analyses in this report, conclusions or assessments have inherent limitations.

The findings in our report are based on our desk review from 06 February 2017 to 20 February 2017. We have not undertaken to update our report for events or circumstances arising after that date.

Any changes to the activities, documentations, key internal controls, policies and procedures subsequent to our discussion with management, of which we have not been informed, have not been evaluated by us and accordingly we do not report on any shortcomings in the same.

The information, advice or recommendations relating thereto contained in this report, in draft or final form, provided to BBSYDP by us during this engagement are given in confidence.

No other EY Entity other than EYFR shall have any legal duty of care to the client in connection with the performance of any of the Services by its personnel, and the client shall be entitled to rely only on EYFR for the performance of the Services or with respect to any Report. The client [and its affiliates or other persons or entities for or in respect of which any of the Services are provided] shall have no recourse, and shall bring no claim whether based on breach of contract, tort, strict liability, breach of warranty, failure of essential purpose or otherwise against any EY Entity (other than EYFR), or against any subcontractors, members, shareholders, directors, officers, managers, partners, principals or employees of EYFR or any other EY Entity ("EY Persons"), or any of the assets of any thereof, in connection with the performance of the Services or otherwise under this Agreement.

Neither EYFR nor any of its subcontractors will be liable to BBSYSP or TSPs for any consequential, incidental, indirect, punitive or special damages (including loss of profits, data, business or goodwill, collectively, "Excluded Damages") in connection with the performance of the Services or otherwise under this Agreement, regardless of whether such liability is based on breach of contract, tort, strict liability, breach of warranty, failure of essential purpose or otherwise, and even if the Company is advised of, or the parties had contemplated, the likelihood of such Excluded Damages.

The aggregate liability of EYFR and its subcontractors to BBSYSP or TSPs in connection with the performance of the Services or otherwise under this Agreement shall be limited to the fees actually received by EYFR in respect of the Services directly relating to and forming the basis of the client's

claim, regardless of whether liability is based on breach of contract, tort, strict liability, breach of warranty, failure of essential purpose or otherwise. The preceding limitation shall not apply to liability that has been finally determined to have resulted from the fraud or other wilful misconduct by or on behalf of EYFR.

BBSYSP or TSPs shall not bring any claim relating to the Services or otherwise under this Agreement after 12 months of the act or omission alleged to have caused this claim.

Any liability shall be governed by, and construed in accordance with, the laws of Pakistan as if it were made and fully to be performed in such jurisdiction by residents thereof.

The Services and the information, records, data, advice or recommendations relating thereto contained in any reports, materials, presentations or other communications, written or otherwise, in draft or final form, provided by EYFR (collectively, "Reports") are intended solely for BBSYSP or TSPs information and internal use (consistent with the purpose of the engagement). The client may not rely on any draft Report. EYFR shall have no obligation to update any final Report for events occurring after its delivery.

Our report to you is based on the information provided, discussion with management personnel, interviews and work steps performed. We have not, except to such extent as you requested and we agreed to undertake, sought to verify the accuracy of the data or the information and explanations provided by management. There is an inherent risk involved in deriving factually incorrect information from these sources; accordingly, the correctness of information contained therein cannot be assured.

EYFR assumes no responsibility whatsoever in respect of or arising out of or in connection with the contents of this report to any third parties. If others choose to rely on the contents of this report, they do so entirely at their own risk.

This report discharges of our obligations under the said assignment.

## Annexure 2: Agreed procedures used for curriculum achievement, certification and employment facilitation validation

Desk Reviews procedures (as provided in approved inception report)

Procedures to be performed	Specific Activities / Information Required
i) Curriculum	
Are qualified and trained trainers engaged at the institute and has the institute arranged ToT as refresher of faculty?	Obtain and review TSP and faculty / trainer profile. Obtain & review details with respect to ToT. Complete the information mentioned on WP-1.
Has the TSP devised the trade schedule / plan for the trade?	Obtain and review the details of the trade plan.
Check whether curriculum has been followed by the institute for each trade provided by the relevant technical board.	Obtain curriculum and review the same with relevance to type of trade/ trade provided. (please note the relevance will be checked on a high level for example say if the course is for IT it covers IT related modules or say the course is for drilling then it should cover drilling modules not any other modules)
Check whether a course completion report is submitted to BBSYDP by the TSP.	Obtain and review the hard copy / soft copy of completion report submitted by the TSP. (please note the completion report will only be available if the trade is 100% completed)
Check whether PMRs are available for each trade duly signed by both parties.	Obtain all PMR reports for the respective trade and check whether it is duly signed by both parties.
Cross check course completion report with the last available PMR to confirm the percentage of completion / status of curriculum.	Obtain and review PMRs and compare curriculum with the last available PMR and verify the % of course completion and activities conducted as reported in the course completion report submitted by the TSP with that reported in the PMR.
Check whether the attendance data sheets have been submitted online by TSPs and maintained by BBSYDP.	Verify through BBSYDP system that the attendance sheet submitted by the TSP is complete, accurate and timely.
Based on the attendance record maintained, check whether criteria of minimum attendance in order to attain a certification have been considered.	Verify the attendance reported in the attendance sheet with attendance reported in the PMR.
Check that the start and end date of trade (to assess its duration) as per course completion report are same as mentioned in the trade timelines. If not same, deviation from the plan should not be more than 2 weeks.	Prepare an analysis of comparison.

Procedures to be performed	Specific Activities / Information Required
Check whether course, test/ quiz conducted as per trade work plan.	Check the tests / quizzes actually conducted (as specified in the test reports submitted by the TSP) are the same as provided in the trade work plan.
Check that test papers are available for all the tests conducted.	Obtain Test Papers / Question sheets and compare the same with the number of tests reported as conducted in the last PMR.
Check that total tests reported as conducted by the TSP matches with that reported in the PMRs.	Check that the actual test conducted as above matches with the tests reported in the last PMR.
<b>ii) Certification</b>	
Check that Format/layout of certificate was mutually agreed between TSP and BBS-YDP	Review the correspondence between TSP and BBS-YDP for agreement regarding format of trade certificate, to ensure that it was mutually agreed as mentioned in TORs
Check that certificate award ceremony was held to distribute the certificates.	Review the video record / Pictorial evidence of certificate award ceremony to ensure that TSP held the ceremony as per the terms of contract.
Check that trade certificates have been issued only to those candidates who met the defined criteria	Check for trainees who are awarded certificate and check their attendance and final examination percentage, to ensure that certificate has only been issued to trainees qualifying the criteria.
Verification of trade Certificate	Check for trainees who are awarded certificate and check the database of the TSP for awarding of certificate to them.  Verify external body certificates / endorsements through review of supporting documents and correspondence of TSPs with external certification body(s).
<b>iii) Employment Facilitation</b>	
Check that seminars / interview sessions have been conducted for employment of trainees	Review the correspondence between TSP and employer to ensure that arrangements were made to facilitate the trainees in job placements.  Review any other supporting evidence (such as pictures, video, seminars etc.)
Check that the TSP has achieved minimum Employment attainment requirement.	Review the details for the trade and find whether 30%, 35% and 40% trainees respectively have been facilitated with job / further trade for phase V, phase VI and Phase VI (Batch II) respectively.
